JAYANTHI

Group of Companies

**Celebrating 50+ years
of Excellence...**

About Us

The origin of the Jayanthi Group of Companies traces back to 1967 when our founder S. Anbalagan offered innovative lighting and sound solutions for events in Tuticorin. Currently, our expanding portfolio includes logistics services, mobile distribution, Weigh Bridges, etc. Over the five decades since its inception, Jayanthi group has grown into a leading business that provides superior value to its clients across Tamil Nadu and neighboring states.

Founder
S. Anbalagan

Our Services

Cranes

We have a diverse fleet of cranes ranging from 13T to 160T to choose for your large-scale projects. We are well known for our 24/7 service all throughout the year. Our personalized assistance to meet your requirements, budget-friendly costs and efficient operators for our cranes sets us apart.

Heavy Equipment

Our wide fleet of Heavy Equipment operating in mines and ports handles over 2 million tonnes of cargo per year. We handle coal, rock phosphate, sulfur, ammonia, and other materials. We have experienced drivers to handle your cargo using the best loading procedures and materials.

Our Services

SKAL - NVOCC and Steamer Agents

Through **SKAL- Sri Kurankani Amman Logistics**, we provide comprehensive services for all your import and export needs. As a trusted partner in the shipping industry, we offer a wide range of solutions to streamline your logistics operations and ensure smooth and efficient cargo transportation. As steamer agents, we handle the operational aspects of vessel calls, including cargo coordination, vessel communication, and port-related services.

SKAT-Sri Kurankani Amman Transport

We provide transport services for 40ft, 20ft containers and specialized in handling all reefer containers. We also have a large fleet of tippers to transport bulk cargo all across Tamil Nadu. Our Trailers have attached generators to provide power to reefer container and deliver the perishable products in them perfectly at the required place of destination. Highly skilled drivers and perfectly maintained vehicle to provides uninterrupted transport service for maximum customer satisfaction. Throughout the years, the company has built a strong customer base of many corporations by providing committed service regardless of abnormal conditions or difficult situations.

Our Services

Warehouse and Open Yards

Our warehouses are equipped with modern infrastructure, ensuring the safe and secure storage of your goods. Our open yards provide ample space for storing larger items or equipment that cannot be stored inside a warehouse. Our warehouses and open yards are fully secured with perimeter fencing, CCTV surveillance, and security personnel to ensure the safety and security of your assets. We offer customizable storage solutions tailored to your specific requirements, including covered storage and designated parking areas.

SKCS- Sri Kurankani Cold Storage

Sri Kurankani Cold Storage Unit (SKCS), where we offer advanced refrigeration services for all your storage needs. Equipped with the latest and advanced environment friendly refrigeration technology using ammonia free refrigeration (Freon gas), including temperature-controlled storage rooms, our facility is designed to maintain precise temperature and humidity levels, ensuring that your goods are stored in optimal conditions. Conveyor belts at all levels ensure swift and safe loading/unloading of your goods.

Our Services

Weigh Bridges

Jayanthi weigh bridge was established in 2004. It maintains precision throughout time. It is intended to be reliable and sturdy enough to withstand the toughest of site conditions and surroundings. Our weighbridge accomplishes this duty by utilizing specific design requirements and elements that contribute to weighing errors, downtime, or unnecessary maintenance. We offer a high-quality weighbridge system that includes extensive cable protection and a waterproof adaptable conduit technology. The service of our Weigh Bridges is both accurate and quick. We have a significant clientele as we are capable of handling bulk movements with ease. Our entire crew is friendly and competent. We have 4 weighbridges in and around Tuticorin.

Generators

Jayanthi Groups has a long history of delivering reliability and value to our clients through a dynamic yet trustworthy approach and comprehensive solutions. With more than 50 generators in hand, we provide power backup for multiple events and unanticipated situations for our clients throughout Tamil Nadu. We provide generators on hire ranging from 3Kva to 1500Kva in accordance with the required amount of time. Our service is 24X7 with a well-trained crew to recommend the appropriate generator for your needs and we also have an efficient fleet of vehicles to transport the generators to your site.

Our Services

Event Management

Jayanthi Group of Companies began operations in 1967 as a provider of sounds and lightings by our founder S. Anbalagan and his brother. For the past 50 years, our fundamental vision of making each and every event a spectacular one using technically advanced audio and lighting equipment has remains consistent. Our services will bring light and happiness to any celebration. We have a competent team that works relentlessly and effectively to ensure that the event is successful and enjoyable. We specialize in all kinds of events, such as Weddings, Concerts, Corporate Gatherings and Religious Events.

Mining Operations

Our Mining wing of the business is focused on maximizing the output per ton of our clients 24/7 365 days a year without any hassles or bottlenecks. Our tipper drivers and Equipment operators are well trained and experienced to keep the movement going without any stops. Our first priority is always on safety which never loses its importance with regular safety meetings and audits With onsite technicians we make sure that even a minor inconvenience does not affect the production of your mines.

Our Services

Ashok Leyland Authorised Service Center

Jayanthi Mobility Private Limited is an authorized service center for Ashok Leyland MCVs and HCVs. Located at a convenient location near Pudurpandiyapuram Tollgate on the Tuticorin - Madurai Highway, it is the best place for all your Ashok Leyland Commercial Vehicles. With trained technicians and OEM spares and lubes, we are committed to offering the best service in the most cost-efficient way to keep your vehicle on the road.

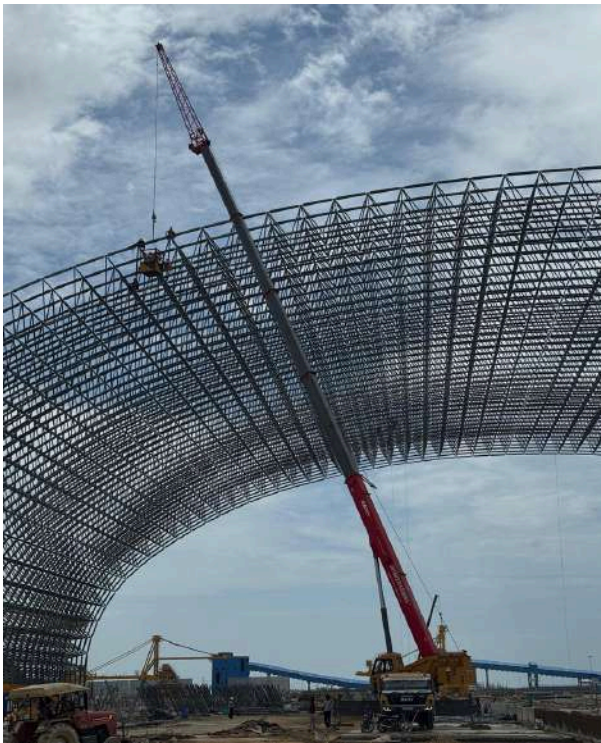

Operation & Maintenance- Renewable Energy

Jayanthi Windtech & Projects Private Limited is our next step into the infrastructure business, providing Operation, Maintenance, and Service renewable energy solutions. Our goal is to be the leading Independent Service Provider of choice for customers in the Global Renewable Energy Market. With our engineers who have a decade-long experience, we focus on enhancing asset performance through efficient maintenance and service, driving sustainable growth.
